

Murder Inna Dancehall is a website that exposes the violent and disrespectful lyrics conveyed in dancehall music towards the gay and lesbian community.

Although you might find it difficult to understand the lyrics which are written in Jamaican patois (batty man, chi chi man, funny man, fassy, faggot), they are all, nonetheless, pejorative appellations for gays.

EXTRACT or TRANSLATION FROM PATOIS

*"Those who get together in a queer's car
Blaze the fire, let's burn them! (Burn them!!)*

*Those who drink in a queer bar
Blaze the fire, let's kill them! (Kill them!!)*

(...)

If they bring it to us, hold on, lots of bullets are going to fly

Bullets fly, take up every calico and rat-tat-tat

Rat-tat-tat, every queer has to die

Die! Me and my niggas will make a pact

Queers must die and that's a fact."
